Subject : ANNOUNCEMENT - ACQUISITION

We are pleased to announce the intention of the acquisition of the VCD IT Group. The SPA was signed on Friday 14th, 2017. This acquisition strengthens our ICT services portfolio in NL and within AXIANS in general to provide even more value to existing and potential customers. The transaction is submitted to the Authority for Consumer & Market (ACM).

VCD IT Group, founded in 1977, consists out of four business units: Business Solutions, Infra Solutions, Business Intelligence and Healthcare. In 2016 VCD IT Group realized with 343 employees, a turnover of €47 million with a sound profitability.

VCD IT Group offers consultancy, solutions, infrastructure and management services in the segments : retail & logistics, industry, government and business services. They have locations in Groningen, Delft and Eindhoven.

We hope to close the transaction after approval of the ACM (formality) in May 2017. VCD IT Group will be fully integrated in the perimeter of Rob van Kaathoven.

We are delighted to welcome the team of VCD in our group and wish them all the best success for the years to come.
